1451 El Camino Real, The Villages, FL 32159

UF Health The Villages® Hospital, formerly known as The Villages® Regional Hospital and acquired by University of Florida Health in January 2020, has been serving residents of The Villages® as well as patients in Lake, Sumter and Marion counties since 2002.

At UF Health The Villages® Hospital, we are committed to providing leading-edge patient care, clinical training and research programs. Our teams of physicians and clinical staff work together to offer specialty services, advanced technology and clinical studies — bringing world-class health care closer to you and your loved ones.

We are part of UF Health Central Florida, a not-for-profit health care system and the largest most comprehensive provider of health care services in the region. UF Health Central Florida provides inpatient acute hospital services at UF Health The Villages® Hospital and UF Health Leesburg Hospital, inpatient rehabilitation services at UF Health The Villages® Rehabilitation Hospital, adult inpatient psychiatric services at UF Health Leesburg Hospital Senior Behavioral Health Center and diagnostic laboratory services at several locations. We take pride in providing progressive, innovative technology, along with building strong relationships with patients, families, physicians, and residents of the communities we serve.
